Direct Prints are a great upgrade for your cabinet backs and drawer bottoms, in 1/4" nom. thickness MDF.

Which of the 3 woodgrains listed would you offer your customers?

Let us know, we need your opinion.

**Call or contact us at
AetnaPlywood.com**

Using our direct printing process, Flakeboard produces decorative woodgrain prints on our high quality substrates. Utilizing a unique 9 stage process and high quality printing inks, we can produce a wide range of custom woodgrain patterns to meet your specific requirements. Ideally suited for casebacks and drawer bottoms, our acrylic or UV cured topcoats provide the durability required for today's furniture and kitchen cabinet industries. Available in 4' or 5' widths, we have the flexibility to produce an optimum panel size to minimize waste.

Designs depicted are subject to availability. Please contact your sales or customer service representative for standard and custom design options.

Need a Sample? Let us know, we'll get it to you ASAP!

Aetna Plywood, your complete source for Fire-rated Duraflake Particleboard!

Basic Use: Duraflake FR is a class 1 rated fire retardant particleboard, suitable for a variety of industrial and commercial building applications where stringent building codes and public safety requirements are a factor. It can be drilled, routed, bullnosed, beveled and precision-machined. It is used as a substrate for wood veneers, high and low pressure laminates, as well as thin roll laminates. Laminated panels are then used in a wide variety of applications such as malls, offices, commercial case goods, hospitals, hotels, restaurants and any application where fire retardancy is a concern.

Composition and Materials: Duraflake FR is made from western softwood particles and highly effective fire retardant chemicals bonded with special formulas of resins and waxes.

WITH OVER 100,000 SQUARE FEET OF FR IN STOCK, AETNA'S GOT YOU COVERED.

BEADED PANELS

The look and fine tongue and groove woodwork with the installation ease of a plywood sheet. That's the beauty behind Columbia Forest Products' Beaded Panels. But check the surface and you'll find the lasting beauty of Columbia hardwood veneers...and that's no illusion.

But good looks and installation ease are just the beginning. Columbia's Beaded Panels feature a wide variety of decorative hardwood faces and backs machined with a 1-1/2" or 3" on-center beaded groove pattern. The cutting heads are calibrated to ensure pattern uniformity across the entire sheet for a convincing illusion of tongue and groove woodwork that matches any existing species used. And since Beaded Panels are unfinished, close color matching with existing molding and millwork is possible. You can finish them or use them in painted applications.

Beaded Panels can be used for wall paneling, wainscoting, cabinet doors and cabinet backers or anywhere you wish to replicate the tongue and grooved appearance of fine woodwork.

Premium Tempered Hardboard

This hardboard is a fully-tempered board and smooth on two sides. It is very dense and rigid, making it ideal for painting and any purpose where you would want a strong board.

Aetna now stocks Duron in these sizes:

- **1/8" 48 x 96** • **.22" 48 x 96** • **.22" 48 x 96 PERF.**
- **1/8" 48 x 120** • **.22" 48 x 120**
- **1/8" 60 x 96** • **.22" 60 x 96**

Note: all 1/8" items are stocked on a skid to keep them flat.

SPECIAL AUGUST PRICING ON DURON:
