MELAMINE

PANOLAM

The Midwest's largest selection of colors in inventory on this M3 particleboard. Also available on MDF core and in various finishes and sheet stock sizes.

WILSONART MELAMINE PANELS

Wilsonart brand papers converted into melamine panels. Any Wilsonart color. Various sizes and cores. Some minimums may apply.

PARTICLEBOARD

Over 200 SKUs in stock for immediate shipment.

INDUSTRIAL

- M3 Particleboard produced from Douglas Fir and Hemlock. Perfect substrate for a wide range of industrial applications. Available 1/2" to 1-1/2" thicknesses and various sheet sizes.
- M2 Particleboard produced from Southern Yellow Pine. A premium substrate ideal for thin overlays and veneers. Great in all-around construction.

FIRE-RATED

- Aetna is the nation's largest distributor of Class 1 Fire-rated particleboard, with an extensive inventory of thicknesses and sizes.

MOISTURE RESISTANT

- MR Particleboard is available on a special order basis. It is ideal for high humidity applications like kitchens or baths.

MEDIUM DENSITY FIBERBOARD

Over 100 SKUs in stock. Thicknesses from 1/8" to 1-1/2", widths in 4' and 5', and lengths 6' to 12'.

INTRODUCING WOODWORKING HARDWARE

Finally, an alternative to your hardware sources that you know you can depend on.

Aetna now features an entire catalog full of top quality woodworking hardware at unbeatable prices.

- Screws/Connectors
- Decorative items
- Shop supplies
- Kitchen and closet accessories
- Tools and tooling

Call your Aetna representative today for more information and a copy of our Hardware catalog.

WILSONART BRAND ADHESIVES

Wilsonart is the only laminate manufacturer to research, develop and manufacture their own line of adhesives specifically for the laminate industry.

- Solvent, water-based and PVA
- 5 and 55 gallon containers
- Spray or roll-on grade
- Self-Contained Canisters

WILSONART LAMINATES

WILSONART BRAND PLASTIC LAMINATE

Nearly 250 locally stocked "Standard" colors, patterns, stones, abstracts and woodgrains.

Most items are available in a dozen sizes and grades to improve your yield and efficiencies.

Aetna and Wilsonart offer the most complete and versatile laminate line in the country. Custom finishes and overlays are available on a factory basis for your custom applications.

PERFORMANCE GRADE & SPECIALTY ITEMS:

Chemsurf Chemical-Resistant Laminate –

Excellent for health care facilities, labs and darkrooms, and anywhere chemical spills are of concern. Unlike many competitors, Chemsurf is available in all Wilsonart colors and designs to give you unparalleled design flexibility. We offer more size options and faster delivery than our competitors.

Fire-Rated Laminate – Made to meet Class 1A Flame Spread and Smoke Developed specifications. Combine with Aetna's fire-rated particleboard for the best FR product in hospitals, nursing homes, schools and government facilities.

Decorative Metals – 25 Aluminum and steel products to add reflective quality to fixtures and displays. The newest Metalaminates will reduce your cost and increase shop efficiency and profits. Metalaminates come standard with an H.P.L. backer at no additional charge.

High Wear Laminate – For high traffic areas such as checkout lanes, fast-food restaurants, and libraries. Abrasion-resistant Wilsonart laminate will improve performance and durability. Superior performance vs. Nevamar's ARP.

Extra Impact Laminate – Offers 30% more resistance to impact and stress cracking, to contribute to the structural strength of a fabricated project.

Solid Phenolic Panels – Eliminate substrate materials with functional and decorative panels that offer increased impact resistance and structured strength. Over 200 colors available.

Custom Laminates – With 3 versatile processes, you can add a custom logo or information panel right into the sheet, offering the care and maintenance characteristics of H.P.L. but with the special designs and colors you need. The minimum order quantity is only 1 sheet.

Custom Edge Profiles – Our laminate bevel-edge mouldings are the quickest and most consistent mouldings available to install a special bevel-edge to your countertops. Reduce critical lead time when you use our special stock program for all 21 colors in the MesaGranite and Mystique Collection. Solid wood edges offer an elegant alternative to a self-edge top.

MEGANITE SOLID SURFACE

100% ACRYLIC SOLID SURFACE

- 1/2" thick, solid throughout
- Antibacterial surface
- Renewable surface
- Non-Porous & Stain Resistant
- Class 1 Fire ratings
- Inconspicuous, Water-Tight Seams
- Undermount Bowl Options
- 10 year residential and commercial warranty
- Priced 30% - 40% less than the leading brand

Aetna is the master distributor for MEGANITE in the Midwest. We carry the full line of over 40 colors and styles in full and half sheets. A complete selection of solid surface sinks and bowls are available as well.

FABRICATION SERVICES

The only thing we cut better than wood products is your cost. And your satisfaction is guaranteed.

Aetna Plywood is one of the Midwest's largest producers of component parts. We fabricate with the latest high-tech equipment to your specifications. Buying component parts gives you the ability to assemble, ship and bill finished goods to your customer quickly without adding manpower or equipment. Plus... you don't have to deal with waste disposal, operator mistakes or any related overhead costs.

Since 1937 we have been solving production problems for many Midwest manufacturers by supplying precision parts at effective pricing.

HIGH PRESSURE LAMINATE SLABS Most brands of HPL pre-bonded to the core you choose.

SLOTWALL Available custom-made in our facility. Paintable, melamine, veneer or high pressure laminates are available. We are flexible on sizes and slot spacings.

Call your Aetna representative with your specifications.
